

As a resident of a community which receives broadcasts of K-Love radio, I would like to comment on the possibility of the displacement of the only radio station I listen to. K-Love is the most encouraging station I have ever listened to and has a positive effect on all who tune in. It spreads the love of Christ throughout the airwaves, but that is not the only service they provide. I have heard of many listeners who are not Christians who listen because it is the only alternative to the stations who have other agendas, such as politics and support lifestyles contrary to what they believe in, such as drinking, etc. K-LOVE provides programming which is child safe, programming that parents are not required to monitor. There are plenty of stations which broadcast all types of programming, but only one K-LOVE. I pray you will consider all of this as you determine the possibility of allowing LPFM to take priority over current FM translator service.
